***PATIENT ACKNOWLEDGEMENT***

*I confirm that I have been informed about the details of the Fulgent Beacon Carrier Screen test, including the purpose, capabilities, and limitations of the ordered test. I have read the Informed Consent document and I give permission to Fulgent Australia and its related entities to perform genetic testing as described.*

***Medicare Assignment:*** *Your doctor has recommended that you use Fulgent Australia. You are free to choose your own pathology provider. However, if your doctor has specified a particular pathologist on clinical grounds, a Medicare benefit will only be payable if that pathologist performs the service. You should discuss this with your doctor. By signing this form, you offer to assign your right to benefits to the approved pathology practitioner who will render the requested pathology service(s) and any eligible pathologist determinable service(s) established as necessary by the practitioner pursuant to Section 20A of the Health Insurance Act 1973 (Cth).*

***Financial Consent:*** *I understand and agree to pay an out-of-pocket cost if I do not qualify for a Medicare rebate for this test, or if the test is not bulk billed and there is a fee in addition to the Medicare rebate. I understand that a cancellation fee may apply if I choose not to proceed with testing. Where applicable, I agree to pay the account in full prior to testing commencing. I understand that failure to do so could result in delays in testing.*

***Privacy and Collection Policies:*** *The information provided will be used to assess any Medicare benefit payable for the services rendered and to facilitate the proper administration of government health programs, and may be used to update enrolment records. Its collection is authorised by the provisions of the Health Insurance Act 1973. The information may be disclosed to the Department of Health, Disability and Ageing or to a person in the medical practice associated with this claim, or as authorised/required by law. Fulgent's Privacy Policy and Collection Statement can be found at https://fulgentgenetics.com.au/policies/privacy-policy.*

***Research Consent:*** *I give permission for my specimen and clinical information to be used in deidentified studies at Fulgent and for publication, if appropriate. My name or other personal identifying information will not be used in or linked to the results of any studies and publications.*

***Reporting Consent:*** *Fulgent Australia and its related entities may email my test results to my requesting doctor using standard TLS encryption.*

## ‡ MERGED COUPLE REPORT

- By signing this form, both the patient and partner are consenting to genetic testing as described above and authorising the release of their results, which may include sensitive medical information, to each others' healthcare provider(s). The test results may become part of each others' medical records.
- The below criteria are required for Fulgent to issue a merged couple report. If these criteria are not met, then separate individual reports will be issued for the patient and partner.
  - This form must be signed by both the patient and the partner.
  - The same corresponding tests must be ordered for both the patient and the partner.
  - This form, the patient's sample, and the partner's sample must all be sent together. Alternatively, if Fulgent is already in possession of the patient or partner's sample, that sample's Fulgent Accession ID must be specified on this form.
    - The Fulgent Accession ID can be found on the top of a Fulgent test report. For tests that have not been reported yet, it is possible to contact Fulgent to obtain the Fulgent Accession ID.
