Repromed offers free nurse chats over the phone to provide you with personalised guidance on your fertility journey. Our team of experienced nurses will discuss your options and answer any questions you may have.

Some of these questions or concerns may include:

- We've been trying to fall pregnant for a while - when should we see a fertility doctor?
- I'm single and really want a baby - what are my options?
- I've had a couple of miscarriages - when should I see a fertility doctor?
- I'm in a same sex relationship - what are our options?
- My family has a history of serious genetic conditions - what genetic screening options do I have?
- I'm a bit older and I want a baby - what are my options?
- Am I able to access donor sperm or donor eggs?
- We're considering surrogacy - what is involved?
- I've had a vasectomy but we want to get pregnant - what are my options?
- I want to freeze my eggs/sperm. Is this possible for me?
- I have concerns about my fertility. What tests can I have done to check everything is ok?
- My periods are irregular and I'm not sure if I'm ovulating. What do you suggest?

Whether you want to have a baby one day, or have been trying for a while - Repromed is here to guide you on your fertility journey.
